Simple Tips for Responsible Use of Social Media were given by the Resource Persons to the participants:

- Never/don't share the information that is not supposed to be shared.
- Always use caution while clicking on links.
- Don't accept friend request of everybody.
- Check your privacy settings.
- Installing Additional Applications
- Limit the number of platforms you use.
- Turn off notifications.
- Be aware of how much time you spend (and limit it).
- Note the quality of your online interactions.
- Seek out plenty of offline interactions.

2.Proposal for Cyber Safety (workshop on social media) in AWP& B 2020-21

Online safety remains a topic of vital public concern and Cyber Safety commitment to ensuring children can use technology in a safe, positive and successful manner meets an important public need against the backdrop of persistent challenges which children, parents and teachers encounter.

Objective:

Cyber believes that education is a key part of the solution and with support from its partners wants to be at the forefront of giving children, parents and schools a head-start in keeping the next generation safe online.

The objective of Cyber is to make a difference in keeping children safe online.

Proposed activity:

On the basis of positive response from all stake holders last year, the workshop is proposed at school level for the session 2020-2021.

Strategy:

In the session the work shop will be organised at school level.

The work shop will be organised in the schools for the students of age group of 14-18years.

The work shop will be organised with the collaboration of cyber cell and the expert working in this field.

Justification/ rationale:

Threat through the unknown and anonymous cyber world is a harsh reality now-a-days. Ease of access and unmonitored reach has exposed the children to unscrupulous elements on the net.

Financial Implications:
