

WEEK WISE DISTRIBUTION OF CLASS XII Geography Syllabus (2009 – 2010)

DATES	DAYS	UNIT & CHAPTER	CONTENTS	MAP W
1/4/09– 4/4/2009	4	Part – A Unit – I (Chapter – I) Unit – II (Chapter – 2)	Fundamental of Human Geography. Human Geography – Nature and Scope. People; World Population Distribution of World Population	NIL Ma Work.
6/4/09-11/4/09	3	Unit-II (chapter-2) Chapter-3)	Population Growth and Density of Population Population Composition; Population change Spatial Patterns & Structure, Determinants Of population change, Age Sex Ratio, Rural -Urban composition.	Map wo
13/4/09-18/4/09	6	Unit-II (chapter-4) Unit-1(practical)	Human Development; Concept, Selected indicators, International Composition. Processing of Data and Thematic Mapping; Sources of data.	
20/4/09-25/4/09	6	Part-B Unit-VII (Chapter-1) Unit;1(practical)	People;- Population Distribution, Density and growth, composition of population - Linguistic, religious,sex, Rural urban and occupational –population change through time and regional variations. Processing of data and Thematic mapping tabulating and processing of data.	Map & Diagram
27/4/09-30/4/09	4	Part-B Unit-VII (Chapter-2)	Migration; International and national Causes and consequences.	
S UMMER VACATION 1/5/2009 -30/6/2009				
01/7/09-4/7/09	4	Part-B Unit-VII– (Chapter-3) Unit-1(practical)	Human Development; Concept, selected indicators and regional patterns, population environment and development. Processing of data and thematic mapping; calculation of Averages, measures of central Tendency, Deviation and rank co-relation.	Diagram Maps
6/7/09-11/7/09	4	Part-B Unit-VIII (Chapter-4)	Human Settlements; Rural settlements Concept-types and distribution, urban - settlements, types, distribution and functional classification.	Diagram
13/7/09-18/7/09	6	Part-A	Human Activities	

		Unit-III (Chapter-5)	Primary Activities -Concept of changing trends, Gathering pastoral, mining, subsistence agriculture, modern agriculture, and people engaged in agricultural and allied activities-some examples from selected countries.	Map wo
20/7/09-25/7/09	6	Part-A unit-III (Chapter-6) Unit-1(practical)	Secondary Activities Concept- Manufacturing, types- household, small scale, large scale.agro based & mineral based industries; Processing of Data and thematic map Representation of Data, construction of Diagrams. (BARS)	Diagram
27/7/09-31/7/09 01/8/09	6	Part-A Unit-III (Chapter-6) Unit-I(Practical)	People engaged in secondary activities some examples from selected countries. Construction of diagrams (BARS) Construction of Diagrams (Circles)	Diagram
03/8/09-8/8/09	5	Part-B Unit-IX (Chapter-5) Unit-1(practical)	Resources and developments; Land Resources -General land use, Agricultural Land use, Construction of Diagrams (FLOW CHARTS)	Diagram
10/8/09-15/8/09	4	Part-B Unit-IX (Chapter-5)	Distribution of major crops Wheat, rice, tea, coffee, cotton jute, sugarcane and Rubber, agricultural development and problems.	Map wo
17/8/09-22/8/09	6	Part-B Unit-IX (Chapter-6) Unit-I(Practical)	Water Resources ; Availability and utilization of water- irrigation, domestic, industrial and other uses. Thematic Maps Construction of DOT Maps.	Maps v
24/8/09-29/8/09 31/08/09	6	Part-B Unit-IX (Chapter-6)	Water Resources ; Scarcity of water and conservation Method – Rainwater Harvesting and watershed management. (One case study related with participatory watershed management to be introduced.	Diagram
01/9/09-5/9/09 4/9/09-1 st CCEP	4	Part-B Unit-IX (Chapter-7)	Minerals and energy resources ; Metallic (Iron ore, copper, Bauxite, Manganese) and non-metallic (Mica-salt) minerals and their distribution, conventional (Coal, petroleum, natural gas and hydro electricity) and non-conventional energy sources (Solar-wind and biogas).	Map wo

07/9/09-09/9/09	3	REVISION OF FIRST TERM SYLLABUS	
10/9/09-18/9/09	6	1ST TERM EXAMINATION	

19/9/09-28/9/09		19/9/09-28/9/09	AUTUMN BREAK	
29/9/09-03/10/09	4	Part-B Unit-IX (Chapter-8)	Manufacturing Industries ; Meaning of manufacturing, effective factor of industrial location, classification of industries.	
5/10/09-9/10/09	5	Part-B unit-IX (chapter-8)	Manufacturing Industries ; changing pattern of selected industries –Iron & steel, cotton textiles, sugar , petrochemicals & knowledge based industries,	
12/10/09-17/10/9	5	Part-B Unit-IX (Chapter-8) Unit-1(practical)	Manufacturing Industries ; impact of liberalization, privatization & globalization on industrial location. Thematic map ; Isopleth Method and choropleth method	Map W
19/10/09-24/10/9	6	Part-B Unit-IX (Chapter-9)	Planning and sustainable Development in Continued ; Planning in India-Target area planning. Case study (Indira Gandhi canal command Area, idea of sustainable development; case study(Bharmore tribal Area)	Map W
26/10/09-31/10/9	6	Part –A Unit-III (Chapter v11) Part-A Unit-IV Chapter-8	Tertiary and Quaternary Activities ; Quaternary activities, concept, Knowledge Based Industries, People engaged in quaternary Activities. Tertiary activities ; Concept:-Trade, Transport and Communication; Services.; People engaged in Tertiary activities. Transport and Communication 1. Land Transportation – Road, Railway +Network 2. water Transportation – Inland, Major ocean Router 3. Air Transportation -Inter continental Air Routes 4. Oil and Gas Pipeline. 5. satellite communication & cyber space.	Map w

2/11/09-7/11/09	6	Part-A Unit-IV (Chapter -9) Part-A Unit-V (Chapter-10)	International Trade ;Basis and changing Patterns Ports as Gateways of International Trade. Role of WTO in International Trade Human Settlements ;Concept, Types of Rural and Urban, Morphology of cities, (Case study) Distribution Of mega Cities, Problems of Human Settlements in developing countries.	Diagram
-----------------	---	--	---	---------

9/11/09- 14/11/09	5	Part-B.Unit-X Chapter-10 Chapter-11	Transport & communication; Transport –Roads, Railway, water ways Airways, oil and Gas Pipelines.. Communication: - Electric Grid Networking. International Trade; Changing Pattern of India’s Foreign Trade Sea Ports and Their Hinter land and Air ports.	Map w
16/11/09- 21/11/9	6	Part-B Unit-XI (Chapter-12) Unit-11(practical)	Geographical Perspective on Selected Issues.; Environmental Pollution and Problems, Urban -waste Disposal, Urbanization – Rural –Urban Migration, Problem of Slums, Land degradation. Field Study (or) Spatial information Technology	
23/11/09- 30/11/9	5	Map Work Part – A ,Part -B	World Map (for Identification only- relating Unit 1-5) map of India (For locating and cabling relating to Unit 7 -11) Study of Diagrams and Table etc	
Compilation by: 1. Mr Vijay Singh Kamal (Lecturer Geography)G.B.S.S.S.Swami Nagar N. Delhi -17 2.Aman Singh Chauhan (LecturerGeography)G.B.S.S.S Sadiq Nagar N.Delhi			REVISION- PRE -BOARDS.- FINAL REVISION AND DISCUSSION. NOTE:- This year Planner is based on C SYLLABUS and NCERT Book.
