Subject: - NIPUN Bharat Mission- Initiatives & Implementation Guidelines-Reg.

National Education Policy 2020 highlights that a large proportion of students currently in the elementary level have not achieved foundational literacy and numeracy. The policy therefore recognizes Foundational Literacy and Numeracy (FLN) as an urgent and necessary prerequisite to learning and calls for '**attaining foundational learning**' for all children in grade 3 by 2027 and stresses on laying the highest priority on the school education system to achieve universal acquisition of foundational literacy and numeracy skills at the primary level by 2026-27.

In this context, a National Mission on Foundational Literacy and Numeracy called "**National Initiative for Proficiency in Reading with Understanding and Numeracy (NIPUN Bharat)** is being set up by the Ministry of Education (MoE) on July, 5th 2021 to ensure that every child achieves the desired learning competencies in reading, writing and numeracy at end of Grade 3, by 2026-27. This is sought to be achieved irrespective of whether the child is placed in a government, government aided or private unaided schools. The progress in learning of children is to be continuously monitored through School Based Assessment (SBA) on regular basis in all schools and through National Achievement Survey and other sample surveys, covering all categories of schools.
