MEMORANDUM

It has been brought to my notice by the Coordinator(MIS) that on checking of the SEMIS data for the year 2010-11 it has been observed that 141 schools have reported ZERO enrolment and 156 schools have reported ZERO teachers. It is highly unfortunate that despite repeated instructions the collection and reporting of SEMIS/DISE data, which is the backbone of any planning process for both the SSA/RMSA as well as the Dte. Of Education, is being carried out in a irresponsible and lackadaisical way.

All the concerned Head of Schools are hereby directed to rectify the mistake immediately within two days. They are further warned to be careful in future failing which further action as deemed fit shall be taken.

(VIVEK PANDEY)
STATE PROJECT DIRECTOR - SSA

To,

The Head of School,

be pasted Attached.

Copy to:-
