Appreciation Letter

Dear Sh. J. P. Singh,

It has been observed in a surprise inspection conducted in your school on 18.12.2013 that no employee reported late for duty on that day. Besides, no one was absent without proper intimation.

This sense of discipline and punctuality on the part of the teachers and office employees of the school is appreciated.

A further perusal of the students’ attendance record of the day reveals that out of 436 students, only 266 were present in the school at 8.45 am. Obviously, the teachers need to go the extra mile to ensure that this sense of discipline and punctuality percolates down to our students, too.

I sincerely hope that with our collective efforts, the board results of the school will improve significantly.
