APPRECIATION LETTER

Dear Sh. Chatar Bhuj,

It has been observed in a surprise inspection conducted in your school on 7th February, 2014 that no employee reported late for duty on the day. Besides, no one was absent without proper intimation.

This sense of discipline and punctuality on the part of the teachers and office employees of the school is appreciated.

A further perusal of the report reveals that the students attendance record is not quite impressive as out of total enrolment of 2140 students, 1554 were present on the day of inspection. The teachers should put more efforts to inculcate the habit of punctuality and discipline to students as well.

I sincerely hope that with our collective efforts, the board result of the school will improve significantly.
