

**GOVERNMENT OF NATIONAL CAPITAL TERRITORY OF DELHI**  
**DIRECTORATE OF EDUCATION: SCHOOL BRANCH (HEALTH)**  
**OLD SECRETARIAT: DELHI - 110054**

**No. DE.23 (386)/SchBr/SHP/2025/61-68**  
**CIRCULAR**

**Dated: 13/06/2025**

**Sub: Prevention and Elimination of Malaria.**

This is in furtherance of Circular No. DE.23 (386)/SchBr/SHP/2024/22-27 dated:15.04.2025, regarding Prevention and Control of Vector Borne Diseases (Dengue, Chikungunya and Malaria).

In this connection, all RDEs, DDE (Districts and Zones)Head Quarters/Heads of all branches of DoE/Principals/HoS's of Govt./Govt. Aided/Private Unaided Recognized Schools of Delhi are requested to follow the below mentioned activities for prevention and eradication of Malaria.

Government of India (GoI) has fixed the year 2030 as target for eradication of Malaria. **The month of June is observed as Anti-Malaria Month (AMM) every year** prior to the onset of transmission season of Malaria. The objective of observing the AMM before the onset of monsoon, is to enhance community awareness, participation and motivation of all stakeholders.

Following are some of the suggested activities in addition to the previously communicated activities which may be observed during the AMM:

- Office/Department/organizations/institutes etc. may check their premises for mosquito breeding and water stagnation.
- Display of DO's and Don'ts at prominent places in Department/Office/ Institute etc. (enclosed as annexure - A)
- Sensitization of staff about Vector Borne Diseases and dissemination of messages through social media.
- Awareness talks/health talks/interpersonal communication may be organized in offices, institutions on prevention and control of Malaria.

This issues with the prior approval of Competent Authority.

  
**(Dr. Sudhakar Gaikwad)**  
**DDE (School)**

**Enclosed: Do's & Don'ts**

**All Heads of Govt./Govt. Aided/Private Unaided Recognized Schools under DoE through DEL-E.**

**No. DE.23 (386)/Sch.Br./SHP/2025/61-68**

**Dated: 13/06/2025**

## DO's and DON'Ts for Dengue, Chikungunya and Malaria

DO's	DON'Ts
Cover all water tanks and containers with well fitted lids to prevent mosquito breeding	Do not keep water containers open as they can attract mosquitoes to breed
Empty, scrub and dry, coolers every week before refilling to prevent breeding of mosquitoes. Paint inside of coolers before use in summer	Don't use the old grass of cooler in the next season and properly dispose off the same
All unused containers, junk materials, tyres, coconut shells etc. should be properly disposed off	Don't throw broken utensils, unused bottles, tins, old tyres and other junks in open as <i>Aedes</i> mosquitoes breed in these objects during rainy season
Change water in flower vases, plant pots, bird bath every week to prevent mosquito breeding	Don't allow water to stagnate in and around houses in coolers, buckets, barrels, flower pots, bird baths, freeze trays, coconut shells etc
Cover the toilet seat if going out of home for more than a week	Don't depend only on platelet count for diagnosis of Dengue
To avoid mosquito bites wear full-sleeved clothing and use mosquito repellents to prevent mosquito bites. Put wire mesh on doors and windows to prevent entry of mosquitoes	Do not allow children to wear short sleeved clothes and play in water puddles and stagnant water bodies
Use bed net at home and hospital during dengue fever to prevent mosquito bite and to interrupt transmission, Use aerosol, vaporizers (Coils/Mats) during day time	Don't insist for hospitalization in case of Dengue fever unless advised by a doctor, as many Dengue patients do not require hospitalization
Take Paracetamol, plenty of fluids and rest in case of fever	Don't use Aspirin, Ibuprofen, Nimusulide and over the counter medicines for lowering down body temperature
<b>Create awareness among community</b>	<b>Do not create panic. Dengue, Chikungunya and Malaria are treatable.</b>
